

Y1

ME AND MY WORLD

Our topic is **Me and my world**. The children will be introduced to the study of history through a comparison of their own lives with those of British children in the early 1900s. Our focus scientist, Alice Ball, was living during this time and developed an effective treatment for leprosy. We will take our science further with an exploration of ourselves to our bodies, naming parts and understanding our senses. In English, Oliver Jeffer's heartfelt and thought-provoking book will help children to make sense of their world and their role in it. Children will present themselves to the world with self-portraits in the style of Picasso

AUTUMN TERM 1

MATHS

Unit 1: Numbers within 10

The primary focus of these lessons is to expose pupils to a range of different representations of number. They should see that numbers can be represented (and counted) using the concrete, pictorial and abstract. Developing this further, opportunities for discussion are provided to start making connections between the similarities and differences in representations.

Unit 2: Adding and subtracting within 10

Pupils explore two strategies for addition within 10. They begin with 'count all' before moving on to the more efficient 'count on' strategy for addition. The use of part-whole language, represented using the model, is key in developing pupils' understanding of the relationship between numbers, manipulatives and the abstract equation and it is important that this is modelled consistently, encouraging pupils to use the language. Pupils build on their understanding of part whole relationships to subtract using partitioning.

HISTORY

Children will be introduced to the study of history through a comparison of their own lives to those of British children in the early 1900s.

Key Skills

Investigate and interpret the past
Build an overview of world history
Understand chronology
Communicate Historically

ENGLISH

Here we are provides a powerful vehicle for children to reflect on and make sense of the world we are all living in. The words and pictures work together to help children to understand their place in the world and to move forward together in a positive and constructive way.

PSHE

Being Me in My World
Feeling special and safe
Being part of a class
Rights and responsibilities
Rewards and feeling proud
Consequences Owning the Learning Charter

ART

- Sketching uses lots of short lines, instead of one long one.
- Different colours can show different moods in artwork.
- Shading adds texture and shadow to a drawings.
- Picasso is a famous artist with a special style
- He drew people and himself

RE

In RE we engage pupils in systematic enquiry into significant human questions which religion and worldviews address, so that they can develop the understanding and skills needed to appreciate and appraise varied responses to these questions, as well as develop responses of their own. The key question for this term will be:
Who is a Christian and what do they believe?

SCIENCE

PE

	<p>The Human Body</p> <ul style="list-style-type: none"> • Identify name, draw and label the basic parts of the human body and say which part of the body is associated with each sense. • Observe and name a variety of sources of light, including electric lights, flames and the Sun, explaining that we see things because light travels from them to our eyes 	<ul style="list-style-type: none"> • Observe and name a variety of sources of sound, noticing that we hear with our ears. • Describe the importance for humans of exercise, eating the right amounts of different types of food and hygiene <p>Key scientist: Alice Ball - (1892 - 1916) was an American chemist who developed the "Ball Method", the most effective treatment for leprosy during the early 20th century. She was the first woman and first African American to receive a master's degree from the University of Hawaii, and was also the university's first female and African American chemistry professor.</p>	<p>Invasion Games (Football/Netball)</p> <p>Games (Movement Skills)</p>	<ul style="list-style-type: none"> • Dots and lines... Pencil grip... 	<p>Children will talk about some simple ideas about Christian beliefs and moral issues, retell stories that show what Christians might think about God, ask questions about believing in God.</p>
	MFL	Computing	MUSIC		
	Spanish	Computer systems and networks Children will develop their mouse and keyboard skills and learn how to use technology safely.	<i>Charanga</i> music scheme
