

Y2

THE HISTORY OF TECHNOLOGY

SUMMER 1

MATHS		HISTORY		
<p>During this half term the children will focus on;</p> <ul style="list-style-type: none"> • Division and multiplication • Face, shapes and patterns; lines and turns • Measures: capacity and volume • Measures: mass 		<p>During this half term the children will focus on how technology has changed over time. We will look at key changes in technology and how they changed the world. Within this topic we will have a specific focus the first plane and the evolution of TV and radio.</p>		
ENGLISH		PSHCE	ART	R.E
<p>Text 1: What to do with an idea The children will use descriptive writing to describe what their idea looks. They will write instructions with what to do with an idea and finally they will write a diary entry about the time they had an idea.</p> <p>Text 2: Ada Twist Scientist Children will write a poem about the feeling of curiosity and what it is like to create an invention. They will write an explanation about an invention. Finally, they will write a story about discovering a new invention.</p>		<p>Relationships We will be exploring the relationships we have in our lives and how they differ. We will continue to look at friendships and how we can involve and support each other. We will be exploring this through our positive pathways.</p>	<p>Art and Design Skills Clarice Cliff Children will learn and develop their skills in: design, drawing, craft, painting and art appreciation; replicating the recognisable crockery of Clarice Cliff, exploring tone through shading, developing their skills in weaving and the manipulation of clay, experimenting with brush strokes</p>	<p>What can we learn from sacred books – Judaism and Muslim Children will learn about the sacred texts and the special stories they contain. We will look at why these stories are important to people and how we respect them. We will re-tell stories from all faiths and suggest the meaning of these stories.</p>
SCIENCE		P.E		
<p style="text-align: center;">Plants</p> <p>During this half term the children will be exploring and identifying wild and garden plants. We will be looking at how seeds grow and what they need to grow. We will research information about different plants and compare them.</p>		<p>Ball skills (Outdoor P.E)</p> <p>Target games (Indoor P.E)</p>		
COMPUTING		MUSIC		
<p style="text-align: center;">Data handling</p> <p>The International Space Station (ISS) is a fascinating real-world setting for teaching how data is collected, used and displayed as well as the scientific learning of the conditions needed for plants and animals, including humans, to survive.</p>		<p>In Music we will be looking at the friendship song and our genre is Pop. We will also continue to have our weekly singing assemblies with Mr Bell!</p>
